### Classroom News

What a busy week we have in store! Our kiddos will be working extremely hard to prepare for Student-Led Conferences! We are really excited to share our growth with our families! Please look for your invitation to come home on Wednesday.

\*Information about our second book project is coming home today! Book titles for this project will be due Thursday! If you have any questions, please don't hesitate to ask! Let's continue to read 20 minutes every night, as well as complete and return our math homework assignment (this week it will be due on Thursday)!

\*The Rainbow Run is this Thursday! Just like the Color Run from years past, students will get messy so please wear tennis shoes that can get dirty! Please make sure you have sent in your money for the Rainbow Run if you haven't already! I am looking forward to having a fantastic week! Have a fun and safe Fall Break! I can't wait to hear what everyone does over their break!

### What We're Learning. . .

- \*We will continue to review our behavior expectations, classroom routines and procedures, and Hite norms!
- \*We will continue to identify story elements including characters, setting, and plot.
- \*We will continue to add pieces into our JCPS Backpack of Success Skills.
- \*We will complete our conference portfolio.
- \*We will continue to build our classroom community.
- \*We will write numbers using standard form, unit form and expanded form.
- \*We will discuss the life cycle of a butterfly.
